Come play with us!

Are you three years old and curious?

Do you want to discover and explore?

Do you like to play each week for a few hours together with other kids – to laugh, paint, listen to stories, create, sing, eat snacks and make friends?

**Welcome to the «Spielgruppe»
(playgroup)!**

The «Spielgruppe» (playgroup) – a place for kids

Dear parents

To play with peers is important for a healthy development of your child.

That is exactly what a playgroup offers: convenient, affordable and in your neighborhood.

The playgroup-teacher supports your child in a loving way. In the beginning you may accompany and stay with your child - to make the separation easier for both of you.

You speak another language at home? In that case the playgroup is especially important: By playing and listening to stories your child discovers the language of this country – an ideal precondition for kindergarten. Give him or her this chance.

Tip: Children who love being outdoors might prefer a forest- or farm-playgroup.

The playgroup-door is open – please come in!

See you soon!
